

Sample Project Decision Grid For EMiC Projects

Strength 1-5

Notes

Meets Mandate

Regenerates public interest in Canadian Modernist studies and literature by producing (an) edition(s)

Meets Overall Project Objectives

- Presents opportunities to network with other projects and researchers
- Presents opportunities to use experimental learning pedagogies and train students / new scholars
- Facilitates the international dissemination of EMiC's collaborative research and editorial work in print and digital media
- Has the potential to develop sustained relationships among universities, publishers, the media, public libraries, and non-profit cultural organizations
- Contributes to a public literary culture
- Ensures that Canadian modernism becomes an ongoing part of literary discourse in Canada

Examples of Other Values for Consideration

- Maintains editorial excellence
- Inspires curiosity
- Entertains and engages all ages and abilities
- Is well-delivered, organized, and managed
- Is relevant to the local academic community
- Revitalizes underutilized literature
- Is sustainable / has long-term viability

Links to Several Modalities
